DRAFT- TOWN BOARD MEETING

Town of Ulysses

Oct. 22, 2024

The meeting was held in person at the Town Hall at 10 Elm St., Trumansburg NY as well as via Zoom videoconference. Notice of Town Board meetings are posted on the Town's website and Clerk's board.

Video recordings of meetings are available on Youtube at https://www.youtube.com/channel/UCWVIs--q9CpHIxdk9YxZyPw.

CALL TO ORDER:

Ms. Olson called the meeting to order at 7pm.

ATTENDANCE:

TOWN OFFICIALS:

In person-

Supervisor- Katelin Olson
Board members- Mary Bouchard, Liz Weatherby, Rich Goldman, Michael Boggs
Town Clerk- Carissa Parlato
Town Bookkeeper/Budget Officer- Blixy Taetzsch
WSPPC, PB member- Linda Liddle
WSPPC- Roxanne Marino

OTHERS:

Via Zoom-

Cynthia Mannino

In person-

Nancy Zahler- JCA liaison

APPROVAL OF AGENDA:

Motion:

Mr. Boggs moved to approve the agenda as amended. This was seconded by Mr. Goldman and passed unanimously.

PRIVILEGE OF THE FLOOR (3 minutes per person):

Ms. Zahler invited the board to the Jacksonville Community Association's (JCA) annual meeting this Thursday at 7pm.

Ms. Mannino thanked the board for working on the budget in this difficult year and especially for maintaining library funds as well as youth services.

Ms. Marino spoke on the budget (see attached) about the culvert needs over the next 10 years related to the EIS (Environmental Impact Statement). She suggested that the board do a climate vulnerability assessment.

PUBLIC HEARING: 2025 PRELIMINARY BUDGET

Mr. Boggs moved to open the hearing at 7:06pm. This was seconded by Ms. Bouchard and passed unanimously.

Ms. Olson asked whether anyone online or in person wished to address the board. No one responded.

Ms. Liddle asked the town to reconsider adding the water well testing \$17,000 back into the budget. (See comments attached).

Ms. Zahler thanked the board for the hard work on the budget and recognizes that many external cost increases are beyond the board's control. She feels that the budget is reasonable and balanced in investments in core functions, support of young people and fairness to tax payers.

Ms. Marino expressed concern about the \$37,000 GEIS added at the last minute. (See comments attached).

Ms. Zahler spoke again, noting the board's good fiscal management to have been able to keep spending within the Fund Balance Policy targets.

Ms. Olson asked for any other comments. None were received.

Mr. Bouchard moved to close the hearing at 7:20pm. This was seconded by Mr. Goldman and passed unanimously.

OLD BUSINESS:

2025 BUDGET

Mr. Goldman gave an update on the meeting with MRB Group on why a GEIS was not part of their original scope/bid for the Comp Plan consultant. His takeaway from that meeting was that MRB didn't believe that a GEIS was needed.

Ms. Weatherby clarified differences in impact statements. She noted that it was DEC's recommendation (as well as the Attorney for the Town) that a GEIS be done with a comp plan. She suggests it also because it will help determine whether the goals of the plan will have a positive or negative environmental impact and show that the town did its due diligence.

The board discussed and decided to not put the expenditure in the budget but rather take it out of fund balance if needed.

The board further discussed sales tax and EMS, and neighboring municipalities who also need to override the tax cap this year.

RESOLUTION #160 OF 2024: ADOPTION OF 2025 BUDGET

WHEREAS, the Town Budget Officer presented the 2025 Tentative Budget to the Town Clerk and the Town Board at the September 24th Regular Town Board meeting; and

WHEREAS, prior to the presentation of the Tentative Budget, there were three public sessions to conduct line-by-line budget review on 9/9, 9/11, 9/12; and

WHEREAS, the Town Board discussed and considered the 2025 Tentative Budget on 9/24 in a regular meeting and 10/9 in a regular meeting; and

WHEREAS, the Town Board accepted the Preliminary Town Budget for 2025 on October 9, 2024, and in accordance with New York State Town Law Section 108, set the Public Hearing date for October 22, 2024, at 7:00PM in person and via ZOOM; and

WHEREAS, notice of the Public Hearing was in the newspaper on October 12, 2024; posted on the Town's website on October 15, 2024; posted on the Clerk's board on October 10, 2024; and included in the Town newsletter on October 18, 2024; and

WHEREAS, a Public Hearing was held on October 22, 2024, where all members of the public were able to comment on the Preliminary Budget in person, via ZOOM, telephone, or in writing; and

WHEREAS, the tax levy limit set by the New York State Office of the State Comptroller for the Town of Ulysses for the year 2025 is 2.98%; and

WHEREAS, the Ulysses Town Board adopted Local Law #2 for 2024 on September 10, 2024, that allowed the Town to exceed the tax cap for the 2025 budget; and

WHEREAS, representatives of the Ulysses Town Board met with our consultants and the Town Board discussed budget considerations at the Town Board meeting on October 22, 2024 and desired to reduce B8020.41 Comp Plan CE from \$125,500 to \$88,000; and

WHEREAS, the reduction in B8020.41 Comp Plan CE from \$125,500 to \$88,000 also reduces B599 by \$37,500, from \$160,060 to \$122,560;

NOW, THEREFORE, BE IT

RESOLVED, that the Ulysses Town Board amends the 2025 Preliminary Budget to reduce B8020.41 Comp Plan CE from \$125,500 to \$88,000; and be it

FURTHER RESOLVED, that the Ulysses Town Board reduces B599 by \$37,500 from \$160,060 to \$122,560;

FURTHER RESOLVED that the Town Board adopts the 2025 Preliminary Budget as amended as the Final Budget for 2025 for the Town of Ulysses with a resulting 5% increase in the overall tax levy, which exceeds the tax cap, with a -2.4% tax rate decrease and an overall final tax rate of 2.2510/\$1,000 taxable assessed value (TAV) for Town residents outside the Village of Trumansburg, a -4.96% tax rate decrease and an overall final tax rate of 1.1098/\$1,000 taxable assessed value (TAV) for Village of Trumansburg residents, and be it further

FURTHER RESOLVED that the Town Clerk shall submit a certified copy of the adopted 2025 Town Budget to Tompkins County.

Moved: Ms. Olson Seconded: Mr. Goldman

Mr. Boggs shared a statement regarding his concerns (see attached).

Ms. Olson responded that the town will not pay for any part of the parking lot that is not theirs.

Olson aye Boggs nay Bouchard aye Goldman aye Weatherby aye

Vote: 4-1

Date Adopted: 10/22/24

Ms. Olson thanked Ms. Taetzsch for her work.

PARKING LOT UPDATE:

Ms. Olson said that she met with project engineers and building neighbors who were told that they could negotiate with the same engineer at their own cost or just pave their areas on their own. The Town will move forward with its own paving regardless of what neighboring properties decide. A Special Meeting may need to be scheduled in order to approve the design to put it out to bid.

BRINE STORAGE UPDATE:

Ms. Olson updated the board on a prior meeting where CLEAN (Cayuga Lake Environmental Action Now) suggested that the town could impose its zoning laws on Cargill's brine storage facilities. Cargill has been in contract with NYS since the 1920s. Based on legal counsel, the town does not have jurisdiction to apply its zoning laws to governments above it (NYS) but is concerned about brine seepage. The Town Board could submit a letter to DEC.

NEW BUSINESS

TAX EXEMPTIONS:

Tompkins County has increased thresholds for tax exemptions for seniors and veterans. The town can parallel the same exemptions amounts if desired. This would need to be passed in the spring to be active for 2026 budget.

POTENTIAL MEETING CANCELLATIONS

RESOLUTION # 161 OF 2024:

RESOLVED, the Ulysses Town Board cancels the following scheduled Town Board meeting(s):

Nov. 26

• Dec. 24

Moved: Mr. Goldman Seconded: Ms. Weatherby

Olson aye Boggs aye Bouchard aye Goldman aye Weatherby aye

Vote: 5-0

Date Adopted: 10/22/24

UPCOMING EVENTS

October 24- Comprehensive Plan public focus groups

October 31- Halloween at Town Hall

November 11 – Town Buildings Closed for Veterans' Day

November 12 – Regular Town Board Meeting, 7pm @ Town Hall

APPROVAL OF MINUTES:

RESOLUTION #162 of 2024: APPROVAL OF MINUTES

RESOLVED, that the Ulysses Town Board approves the meeting minutes of 10/8/24 as presented.

Moved: Ms. Bouchard Seconded: Ms. Weatherby

Olson aye Boggs aye Bouchard aye Goldman aye Weatherby aye

Vote: 5-0

Date Adopted: 10/22/24

BOARD NOTIFICATIONS:

Ms. Olson may call a special meeting in the week of 10/28.

PRIVILEGE OF THE FLOOR (3 min limit per person):

Ms. Marino clarified that she is not speaking on behalf of the Comp Plan committee. As a member, she would have liked to have the information further in advance to have time to think more about it. One of the members abstained from the vote due to lack of understanding. She looks forward to further discussion.

For Clean Energy Communities, she has submitted all the items to qualify the town for \$5000.

Ms. Mannino thanked the board again and healthy discussions and appreciates Liz' expertise.

ADJOURN:

Mr. Goldman made a motion to adjourn at 8:51pm. This was seconded by Ms. Bouchard and passed unanimously.

Respectfully submitted by Carissa Parlato, Town Clerk 11/5/24

APPENDIX:

COMMENTS FROM MS. MARINO:

Thank you. My name is Roxanne Marino, I am a former Town Board member and Town Supervisor, and currently the chair of our Conservation and Sustainability Advisory Council and a member of the Comp Plan Update Steering Committee (CPSC).

I appreciate the work that has gone into this budget, and the detail the Board has presented to the public, and thank the Town Board and staff. I want to speak to a concern with one large appropriation item added very recently and without what I feel is adequate vetting of the need and cost-benefit in what the Board has characterized a tight budget year.

\$37,000 was added to the B fund in the budget at the last Town Board meeting, to include a generic Environmental Impact Statement as part of the Comprehensive Plan update. Generic EIS's can be prepared for comprehensive and other resource management plans, but are not necessary.

While this might be reasonable as an approach from a best-case planning perspective for the town, if we had the resources, it is not clear that for our town, with limited area for extensive future development, that the benefits on the 10-year horizon they are being justified for are worth the costs in this budget year with its many pressing demands.

I have concerns about the process used to bring this forward both to the CPSC and the Town Board for consideration, and the resulting lack of time to gather information on the specific advantages and adequately hear and address potential concerns.

During the RFQ process for seeking consultants, and then evaluating the responses (we got 2), a GEIS was not raised as an important component of the scope of work. In fact, the consultant selected specified a different SEQR process often used by municipalities. They quoted an additional cost (now \$37,000) for a generic EIS. The other consultant included a GEIS in their scope of work, for within \$2,000 of the budget proposed by the selected consultant (without the GEIS). The importance of a GEIS as a component of the scope of work for the CP update was never raised during the evaluation of the two bids.

There was too little transparency in the process of introducing this added work item and cost to both the CPSC and the Town Board. The quote for the services for a GEIS and resolution to support it was added to the CPSC meeting on 10/2 by email, 40 minutes before the meeting was to start (at 5:30, on a workday). It was dated 9/24, but the committee did not receive it for more than a week, severely limiting our ability to be prepared for the discussion.

At the Town Board meeting the evening of 9/24, the Tentative 2025 budget was on the agenda and was presented by the budget officer. Concerns were raised regarding the level of total expenditures necessary and the related projected tax increase. Both the draft budget and the Comp Plan were agenda items and yet this potential change in scope to the CP and \$37,000 budget addition was not put forward for consideration to the Board or to pass on to the CPSC.

One major justification the CPSC and then the Board heard for the potential large savings into the future with a GEIS is the likelihood of several necessary culvert upgrades throughout the town over the next 10 or more years. However, we can't really know what a particular culvert project is going to be with regard to sizing, etc, since we don't have a climate vulnerability assessment and plan projecting the range of environmental conditions into the future. As such, supplemental EIS's will very likely be needed for each individual culvert project.

I suggest that the Board consider that we can do a climate vulnerability assessment, and a climate adaptation plan with the assistance of the Climate Smart Communities program locally along. We can also apply for funds in the CSC program specifically for developing those analyses and plans, which can include capital projects such as culverts to reduce the risks of flooding and increase safe routing of water from sensitive areas and infrastructures. We could include as part of that plan a GEIS, with far more specificity on the potential location and needed characteristics of culverts in the future.

I urge the Board to rethink inclusion of \$37,000 in this budget for an item with little certainty of the scale savings into the future, and use funds for actions more likely to benefit taxpayers now.

COMMENTS FROM MS. LIDDLE:

Two points -

1. Thanks to the town board for supporting a coummunity education and outreach program on water wells. This is an important step toward improving well water quality. I would like the town to reconsider adding 17K for Well Water testing to the 2025 budget. Thanks to a NYS DOH 2024 program the town has been able to test 50 water wells in the TOU. The DOH agreed to test 25 wells in the town and based on the results of those tests determined it would be advantageous to test an additional 25. This was completed in September. The WSPP Committee just received preliminary test summary validating the issues found in the first set of tests and confirmed additional testing would be beneficial.

For example - They found coliform in 62% of the 50 wells. The State average is around 40%. Of those 62%, 36% were positive for E.coli. They usually don't us see that much E. coli either.

In summary, out of the 50 wells, 92% had at least one exceedance, 36 wells had at least 2 exceedances, that is over half of them.

I believe these issues are serious enough for the town to prepare to support more widespread testing focused on the areas of concern identified by the DOH testing. We may be able to find additional funding to cover this but we don't know that now. What would we do if we were not able to find outside funding.

2. My second point - is that I question the allocation of budget dollars for Environmental Impact Studies on Comprehensive Plan projects that may or may not get funded or be necessary in the next 10 years. I am a big believer in long term planning but not long term funding, This is a very tight budget - I believe it makes sense that all the costs associated with a project be deferred to when the

project is ready to be implemented - when budgets are different, when we have a more concrete project plan. If you do this - Then you can deploy 2025 funds on short term problems you know you have - like water quality/safety.

COMMENTS FROM MR. BOGGS:

I have reservations about the proposed 2025 budget and the budget preparation process that prevent my voting in favor of its adoption.

The budget incorporates a series of compromises about what to fund and what not to fund. We cannot have it all. The board needs to ask some hard questions and make difficult decisions about what to include in the budget based on thorough analysis, open discussion and sound evidence, not on last minute submissions and changes in a project proposal that leave inadequate time for the proper conduct of our fiduciary responsibilities.

The 2025 budget is structurally unsound. It relies on near historic tax increase of 5% and makes excessive use of fund balances and questionable shifting the expenses between funds. We're using a disproportionate share of fund balance to balance the budget. How will we stop or even slow the process for the next budget period in 2026? We do not have a plan for that.

Budget officer seems to share some of these misgivings. In several areas of the budget she queries there verify comfort with level of appropriation or consider sustainability.

Consider the following: we have had large increases in highway department salaries that alone take

up all available tax cap space.

Trumansburg Village continues its multi-year shift of the financial burden of the ambulance service to the town to balance its own budget.

Insurance costs have risen 14%. Information technology costs are spiral spiraling upward, with no signs of slowing down. All these increases are occurring without the board taking a hard look at cost containment without adequate discussion and negotiations over alternatives. These costs will continue to rise unless you start asking hard questions and making difficult choices.

Proposals for assistance, prep and preparing the comprehensive plan:

We've received 2 proposals for preparation of the comprehensive plan. The 2 proposals were never presented for full discussion and vetting to the Town Board. Rather the Comprehensive Plan Steering Committee reviewed and passed the recommendation to the Town Board. Proposal by the MRB Group was accepted. The rejected proposal, CRRC, at a \$110,005 had included a generic environmental impact statement in its scope. Original MRB Group proposal did not.

For the October 8th meeting the Budget Committee added \$37,000 above the existing \$109,750 contract to the budget to pay MRB for a GEIS as part of its comprehensive plan support. \$37,000 was added to the budget after budget submission deadline passed.

In addition, violating procedural rules of the late submission, with obscure supporting statements did not and has not allowed adequate time for discussion and proper vetting.

Proposal was prepared to the presented to the comprehensive Plan Steering Committee half an hour before the committee's meeting. Ambiguous statements were presented to support the additional funding, and less than half the CPSC members voted in favor of the funding.

Town legal aka, the attorney, saying, okay, does not constitute a valid argument in support of that funding.

Statements that claim anticipated savings of future projects by avoiding the need for individual project GEIS are highly suspect. In my tenure on the board there has been no large projects requiring an EIS for which a GEIS would have been adequate substitute. In the spirit of open government, an EIS should be completed for any project large enough to require one.

MRB stated that "Our environmental team will execute the preferred method of environmental review necessary to advance comprehensive plan adoption." They also stated that it should be noted that comprehensive plans containing recommendations that would trigger a positive declaration and hence an environmental impact statement are highly unusual."

The well testing proposal and parking lot paving proposal:

The proposal for well testing it's formally submitted for inclusion in the 2025 under the COVID relief program funding proposal was submitted before the budget submission deadline, and subjected to extensive vetting.

Yet the well testing proposal and other proposals submitted for funding under the COVID Relief program were cut at the 11th hour in favor of an \$80,000 proposal for project management of a construction project for the parking lot, most of which we do not even own.

This switch was presented to the board after detailed selection, matrix and voting exercises that selected the items we collectively chose as an urgent matter, and passed with limited discussion and minimal review. They promised to add it well testing to the 2025 budget has now been rescinded.

Much of the budget development process is undertaken by the Budget Committee without proper public scrutiny. As I had argued before, the Budget Committee's deliberations do not follow sound open government principles.

Committee has a shadowy presence. The committee is not listed under official Town Board committees on the Town Web page and its discussions are cloaked in secrecy. Committee minutes, if published, are not accessible to the public.

Budget discussions by the Board have also been deficient. In place of constructive dialogue, questions during budget board budget discussions have been met with resistance and evasion while favored initiatives have been treated as untouchable, vitally necessary.

If there were any cost containment discussions they did not take place in open sessions. For the reasons stated, I must vote nay in the 2025 budget as proposed.
